**RETURN TO CIA
LIBRARY**

1. Only individual air force soldiers, presumably from a guard detail, were seen at the airfield and in Koethen (M 52/D 95) on 16 August 1950. The work on the field will probably not be completed by 1 September 1950 but will still be in progress for about four additional weeks. A strip about 10 meters wide was graded beside the runway. *
